## The educational package

services for education and participation in social and cultural life

**jobcenter**   
Halle (Saale)

**hallesaale**   
HÄNDELSTADT

## Dear Citizens,

children and adolescents need good education and participation opportunities in social and cultural life. This is especially the case if they grow up in families where there is little money available. The educational package helps these children to take part, whether it be a sports club, music group or having lunch at a daycare centre or school.

More over, support is available for personal School supplies and school trips. Learning support is also available for those children who have difficulties meeting learning goals in School.

The Federal Ministry of Labour and Social Affairs is working together with the local authorities, job centres and all local partners to ensure as many children and young persons in need as possible benefit from these services, after all they have a right to them!

Andrea Nahles  
Federal Minister of Labour and Social Affairs
